#### Business of the Month Promotion

Each month a newsletter goes out to the BCS community, which highlights upcoming events, specials and other important School news. New this year, we will be highlighting our business sponsors with an image of your logo and a pre-approved blurb about your business.

#### Annual Business Sponsor Luncheon

2022 marked our first Business Sponsor Luncheon. This event is held on campus so that our business sponsors can network, tour campus, hear from and chat with faculty and students and also enjoy artwork and music from our Fine Arts Department.

Patriot Sponsors have the opportunity to positively impact the lives of students while sharing their business on a daily basis with the BCS community.

This dual opportunity reaches 300 students and their 200 families over a 30 mile radius, reaching far beyond the local Bangor area. Hundreds will see your business throughout the year at athletic events, music and drama performances, and through various online promotions.

Business sponsorship directly supports academics, athletics and the arts. It's in these areas where students learn the value of sportsmanship, community service, and leadership. Bangor Christian Schools is committed to excellence in education.
